THE TARGET — \$1,062,300

Just around the corner is the 1961 United Community Fund Appeal for Greater Edmonton. Last year's first United Fund Appeal exceeded its goal by raising the sum of \$1,012,000. In doing so, Greater Edmonton was widely acclaimed as having the most outstanding campaign of any city last year in North America.

Sharing this success, the Armed Services in the Edmonton area contributed nearly \$9,500 toward the health and welfare needs of this area. The United Fund Campaign Committee was deeply grateful to all of those in the three. Armed Services who worked so conscientiously on the campaign, and who contributed so generously.

Funds raised by the United Community Fund Appeal go to support the health, welfare and character building work of 46 agencies participating in the United Community Fund. It is really 46 drives all rolled into one.

This money has or will benefit 3 out of 5 families of the Edmonton area, either directly or indirectly. As an example of some of the help given during the past

year, United Community Fund contributions provided:
— Summer camp facilities for 2,185 boys and girls.
— Homes for 185 senior citizens in Edmonton.
— 15,900 free pints of blood to residents of this area.
— Programs designed to help prevent delinquency for 19,653 young people.
— Rehabilitation and training for 370 blind people.
— 32, 160 nursing care hours for the sick in their homes.
— Temporary homes for 356 unmarried mothers and their children.
— Rehabilitation for 240 ex-mental patients.
— 3,800 persons with full first aid training.
— 463 newly arrived young girls with homes in Edmonton.

There are many other services too, which touch us in our homes and community life. Because of the very fast growth of population in this area the need and demand for these services has also grown very rapidly.

“FOR WANT OF A NAIL”

As the saying goes, — the shoe, horse, battle and war was lost.

We now find ourselves faced with a similar situation in relation to our youth groups here in Griesbach. For want of a leader it has become necessary to reduce the number of Guide Companies, and the proper administration to other groups has become questionable.

Each year at this time the urgent call goes out for the assistance of those interested in becoming leaders or assistant leaders for the Scouts, Guides, Cubs and Brownies. Much of the cause for the shortage can be laid to the constant turn-over of personnel in the area — but not all of the blame. Unfortunately, many look upon these groups as a means of acquiring a child care service — a substitute for, rather than a sup-

plement to, parental responsibility. This is an imposition to those with a genuine interest in furthering these movements.

Assistance in this field is a perennial problem and one in which each member of the community must share. Help in the past has not necessarily come from those with the most to gain from this service. In a number of cases, those without children have been the first to come forward. With a population of approximately fifteen hundred adults, no group should want for the necessary support.

We ask that each and every adult resident consider their project participation to determine whether they are doing their just amount of community help. Are you?

Letters to the Editor

Letters addressed to the Editor for publication should deal with subjects of general interest. They may be published under a pseudonym if requested, but must contain the signature and address of the originator as evidence of good faith.

Many thanks for sending a copy of the current Griesbach Bugle which contains a reprint of "Letter to a Small Daughter." Your paper is certainly a well laid out production and we were most pleased to see our article in it.

Yours sincerely,
R. A. Collins, Editor
Imperial Oil Review.

FIRE PREVENTION WEEK SLOGAN CONTEST

Rules

1. Contest is open to all school age children living in Griesbach.

2. Each contestant must have either a bicycle, tricycle, wagon, cart, carriage, etc., decorated for the parade, or they may wear a costume

3. Each contestant must have a Fire Prevention Slogan.

4. Slogan must be colored or or painted on cardboard and carried or fastened to entry in the the parade in a manner that will make judging as easy as possible.

5. All contestants must participate in the parade. The younger group will be re-routed should they become tired.

6. The following slogans are given as an example and are not to be used by contestants:
"Don't Give Fire A Place To Start"
"Fire Waste Can Not Be Replaced"
"Clean-Up, Don't Burn Up"
"Smoke In Bed — Wake Up Dead"

7. Contestants will be judged in three groups and prizes awarded to the winners.
GROUP 1 — Kindergarden and Grades One, Two and Three.
GROUP 2 — Grades Four, Five and Six.
GROUP 3 — Grades Seven, Eight and Nine.

8. Parents may help their children prepare their entry.

At the conclusion of the parade, judging and awarding of prizes, the children will participate in races and hose rolling competitions which should prove fun for spectators as well as contestants (small prizes).

Everyone is invited to come out and watch these activities and to visit the Fire Hall.

Parade will start at 137A Avenue and 102 Street at 1:30 p.m. on the 7th of October and will finish at the Fire Hall.

Community Library Notes

The library is now back to the winter schedule of 7:00 to 9:00 on Monday and Wednesday evenings and 10:00 to 11:30 on Saturday morning. We are having good success in building up the number of volunteer helpers but additional offers are always welcome, especially for Saturday mornings.

Ninety new children's books were purchased from the money granted from the Central Fund and there are a few more yet to come. Arrangements have also been made to start buying some of the newer adult books. The amount of reading interest during the summer was surprising and resulted in very heavy work during the one evening the library was open. Everyone should be most grateful to the ladies who so cheerfully handled that hectic job. Some parents can show their appreciation by seeing that their children return books that are overdue. This is continuing to be an annoying situation to people who are giving many hours of their free time to provide this service, however, from all accounts this community is no different from any other in that respect.

Newcomers to Griesbach are invited to come with their children to join the library at any of the times mentioned above. There is no charge at all (except when you keep a book more than two weeks).

No. 1 School

To Head Western Command

Major General John Meredith Rockingham was born in Sydney, Australia, August 24, 1911, where he received his initial education until attending grammar school in Melbourne.

He moved to Victoria, B.C., as a youth. He began his military career in the Non-Permanent Active Militia with the Canadian Scottish Regiment in which he was commissioned as a lieutenant in 1935. He was mobilized with that unit at the outbreak of the Second World War, receiving his captivity in September, 1939. In 1942 he was promoted to major and became second-in-command of the Royal Hamilton Light Infantry. He was given command of the unit in the rank of lieutenant-colonel in 1943.

From April to July, 1944, he attended the British Army Staff College at Camberley, then proceeded directly to Normandy to resume command of his battalion which was then in the fiercest fighting of the campaign. Less than a month later he was promoted to the rank of brigadier and appointed to command the 9th Canadian Infantry Brigade, the highland brigade of the 3rd Canadian Infantry Division.

General Rockingham led the brigade in the bitter fighting around Caen, the Falaise Pocket, Boulogne and the Breskens Peninsula. At Boulogne he accepted the surrender of Lieutenant General Ferdinand Heim, the German commander of the besieged channel port.

He was awarded the Distinguished Service Order (DSO) for gallantry and leadership during the Normandy campaign, and later won a bar to the decoration for gallantry in action during the crossing of the Rhine River. He was subsequently made Commander of the Most Excellent Order of the British Empire (CBE).

He was selected to command a brigade in the Canadian Army Pacific Force and returned from Europe in 1945 for that purpose, but retired to civilian life in Vancouver shortly after the Japanese surrender.

General Rockingham had retained his Army connections by serving as commander of the 15th Canadian Infantry Brigade of the Militia, and at the outbreak of the Korean war was chosen by the minister of national defence to lead the Canadian Army Special Force and fought the 25th Canadian Infantry Brigade through the first year of the Korean campaign, earning high praise for courage and leadership. He was made a Companion of the Most Honorable Order of the Bath (CB) in June, 1952, and was awarded the Legion

Major General John M. Rockingham, CB, CBE, DSO, ED, who has been appointed General Officer Commanding Western Command with headquarters at Griesbach Barracks, Edmonton. He assumes the appointment October 1st. He comes to the west from Montreal where he has been General Officer Commanding Quebec Command.

of Merit (Degree Commander) by the United States.

Returning to Canada from Korea in 1952, he became Director General of Military Training at Army Headquarters in Ottawa and later attended the Imperial Defence College in the United Kingdom. In December, 1953, he was appointed commander of the 3rd Canadian Infantry Brigade, and on the reactivation of the 1st Canadian Infantry Division on September 1st, 1954, became divisional commander, with headquarters at Camp Petawawa, Ont. He took personal command of the division each summer during manoeuvres at Camp Gagetown, N.B.

In December, 1957, he was appointed General Officer Commanding Quebec Command with headquarters in Montreal, Que., and on October 1st, 1961, was appointed General Officer Commanding Western Command with headquarters in Edmonton, Alta.

Voodoo Move In

Delivery of the first CF101 'Voodoo' supersonic jet fighters into operational service in the RCAF is scheduled to be made on October 9th, Air Defence Command announced recently.

The aircraft will be based at RCAF Station Namao, near Edmonton, where Canadian crews will commence conversion training on the new aircraft.

Nine aircraft are slated to arrive from United States bases on October 9th, and an additional nine planes will be flown in during the remainder of the month.

The new aircraft for Air Defence Command are being introduced into the RCAF following a recent inter-Governmental agreement which included the provision that the RCAF's Air Defence Command would receive 66 CF101 jet interceptors.

Canadian aircrews have been training on the new aircraft in

Wins Scholarship

A \$6,000.00 scholarship at McGill University, Montreal, has been won by Margaret E. Marston, 18, 10107 - 137A Avenue, Griesbach Barracks, it was announced recently from Montreal. She is the daughter of a Regular Army soldier, Sergeant-Major O. V. Marston of the Royal Electrical and Mechanical Engineers, a native of Plaster Rock, N.B., now employed at Western Command headquarters at Edmonton, Alta.

The award came as a result of Miss Marston's average of 88.3 per cent in Alberta senior matriculation examinations. It is for \$1,500.00 for each of four academic years provided her high scholarship is maintained.

She plans to take an Arts and Science course at McGill majoring in English and History beginning this fall.

She was educated in public schools at Whitehorse, Yukon,

Calgary and Fredericton, N.B. In Edmonton she attended Eastglen, Ross Sheppard and Queen Elizabeth High Schools.

the United States and will return to Namao to train additional aircrews for other Air Defence Command squadrons.

These aircrews belong to 425 "Alouette" Squadron which has been reactivated. The squadron was disbanded earlier this year at RCAF Station St. Hubert, P.Q.

The first conversion course is scheduled to get under way at Namao in mid-November.

The Commanding Officer of 425 Squadron and presently in the United States converting to the new aircraft, is Wing Commander R. D. Schultz, DFC and Bar, of Bashaw, Alta.

Although the new aircraft is capable of flying at more than 1,200 miles per hour, it is unlikely Edmonton residents will ever see it travelling at that speed.

Capable of creating a sonic boom in level flight, air force officials said all high speed flying would be carried out in the less inhabited areas of Northern Alberta.

To further minimize the noise of the powerful aircraft, flight patterns have been set up at Namao that will direct pilots away from the City of Edmonton and the more built-up residential areas.

Fire Prevention Week

This week, October 8 to 14, mark the 90th anniversary of the Great Chicago Fire and the 39th anniversary of the special week which memorializes the terrible destruction by fire of one of the world's great cities.

Fire Prevention Week is set aside to emphasize the year-round need for greater attention to fire (Continued on page 13)

Locate Target Area Headquarters

Confirmation of the locations of target area headquarters in Alberta has been made.

Target area headquarters are small staffs of Regular Army personnel which will be set up outside main centers of population and which will take over in the event of the main target being devastated by nuclear action.

In Alberta, Wetaskiwin is the target area headquarters for the city of Edmonton, and Olds is the target area headquarters for the city of Calgary.

Staffs at these headquarters, which will begin operating on October 2nd, will plan re-entry operations into the cities if and when they are bombed. They will also conduct and control training exercises for units of the Regular Army and the Militia as far as re-entry plans are concerned.

Staffs for these target area headquarters are now being selected.

As an interim measure only, target area headquarters staffs will occupy armories at Wetaskiwin and Olds.

There are 16 cities in Canada designated as target areas and one now has a target area headquarters which was announced previously in the House of Commons by the Minister of National Defence.

The overall functions of target area headquarters staffs is to ensure complete co-operation with municipal governments so that in the event of an emergency proper control of the population and all re-entry forces is ensured.

Chief of Staff Awards Winners

Major G. J. Henderson — First; S/Sgt. K. M. Corbitt — Fifth

The final judging of our Home Beautification Contest was completed early in September. Again the results were very gratifying. It is interesting to note that one resident, Capt. Roddick, made the winners' circle every month. It is also pleasing to see a resident, S/Sgt. Corbitt, from the row housing area of Camp among the winners.

Your Council has been very pleased with the results of the competition and once again extends congratulations to the final month's winners and to all previous winners.

It is hoped that the competition can be made an annual event.

Further details on this will be published in ample time next spring. The list of August winners is given below. The residents receiving honorable mention are not listed according to their placing in the competition:

1st prize — PMQ 243, Major G. T. Henderson, \$30.00.
2nd prize — PMQ 737, Lt./Col. O. W. Crummey, \$20.00.
3rd prize — PMQ 304, Major J. G. W. Mills, \$10.00.
4th prize — PMQ 307, Capt. R. G. Buell, \$10.00.
5th prize — PMQ 749, S/Sgt. K. M. Corbitt, \$10.00.
6th prize — PMQ 270, Capt. V. Roddick, \$10.00.

P.P.C.L.I. DEPOT

The majority of personnel of the unit have now completed their annual leave and have returned full of vim and vigor ready for another busy year.

The new school year sees many new faces in the unit and we would like to take this opportunity to bid them welcome.

Major D. O. R. Kearns, our former Chief Instructor, has been appointed Commanding Officer.

Major E. D. McPhail has been posted from HQ Western Command to take over the Chief Instructor's chair.

Lieut. E. M. Canfield has been TOS from 1 PPCLI.

WO1 J. G. Austin has also arrived from 1 Battalion and has been appointed Regimental Sergeant Major.

WO2 L. G. Goodwin has been TOS from 2 Battalion and has commenced duties as the Depot Training Sergeant Major.

A unit party was held recently to say farewell to Major and Mrs. Buzz Mainprize and RSM and Mrs. Hank Haas. Major Mainprize has been posted to HQ B.C. Area for what will probably be his last tour of duty prior to retirement. WO1 Haas has been posted to HQ Calgary where he will be Garrison Sergeant Major.

Elements of our regimental band made up the orchestra and a superb buffet lunch was prepared by our staunch catering staff.

From all reports received, it would appear that all in attendance thoroughly enjoyed themselves once again.

SCHOOL NEWS GRIESBACH SCHOOL No. 1

The new school term is now underway and we, the staff of School No. 1, wish to take this opportunity to send to the parents of Griesbach our sincere greetings. We are confident that with your sincere and continued cooperation and support this will be a most successful school year.

The staff for the year is as follows:

- Kindergarten — Mrs. Kneller
- Grade 1 — Mrs. Bauder and Miss Kerylo
- Grade 2 — Miss Holman
- Grade 3 — Mrs. Kurek and Miss Scott
- Grade 4 — Miss Nelson and Mrs. Nicholson
- Grade 5 — Miss Hutt
- Grade 7 — Miss Courchesne and Mr. Kaspick, Miss Letersky, Mr. Meyer and Miss Stronski
- Grade 8 — Miss Bouchard, Miss Gaszler and Miss Liviero
- Grade 9 — Mr. Gabinet, Mr. Haiduk and Miss Hendrickson
- French 7, 8, 9 — Miss Keuster
- Physical Education — Miss Courchesne and Mr. Meyer
- Librarian and French — Mrs. Gouin
- Principal — Mr. Ulmer.

We have an excellent staff, the building is good, the pupils are studious — but this is not enough. In order to give your children the best education, we require your whole-hearted interest in the progress of your child. Working harmoniously together, toward the same goal, will give the desired results. Please feel free to contact your child's teacher and the school if any problem arises. When the teacher wishes to discuss the progress of your child with you, we trust that you will come to the school at a mutually convenient time. Our prime interest is your child and we will endeavor, at all times, to do what we feel is in the best interests of your child.

PHILATELISTS' CORNER

On February 28th, 1961, newspapers all over the world reported the highest price ever paid for a single stamp at a public sale in the United States, \$24,500, for the world's rarest stamp, the "BLACK HONDURAS." Scott Catalogue reported the "BLACK HONDURAS" increased almost 500% in price from \$5,300 in 1939 to the above price in 1961. It is noteworthy the companion "RED HONDURAS" showed no increase in the 1939 price of \$3,900.

While it is unlikely many "Bugle" philatelists have stamps in the HONDURAS class, no doubt you have in your collections "rarities" and "pet" stamps and sets, which it is hoped will enrich our collections.

Tips for the Beginners

Nearly every boy (and sometimes girls too) has collected stamps at one time or another. Some have gone only as far as a cigar box or two filled with the common varieties, while others have progressed to the scrap book stage, pasting his or her stamps in any old book that is handy and eventually graduating to the first album.

Then because the collector acquires stamps for which there is no place in his album, his keen interest wanes temporarily, only to be revived through a geography or history lesson. At this time the whole household is alerted to hunt for "my stamp album." Invariably he will then learn to his sorrow he has pasted down his whole collection.

Once more the whole family will be mustered to steam off the precious stamps. He now realizes stamp collecting is more than kid's play and he starts on a trading spree with his fellow collectors, and as well goes "shopping" in the local stamp stores, where he learns about such things as stamp hinges, tweezers, perforations guages and watermark detectors.

Once more the family bonds are strained as he smells up the house with his watermark detector and methyl alcohol, but in spite of it all he is developing into a better class collector, and then he begins to marshall his whole collection into sets. Now the "bite" is on dad for a "bigger and better" album for just a dollar or two. It is at this point the boy or girl graduates to the rank of a philatelist.

PHILATELISTS WANTED

It is hoped to organize a GARRISON INTER-SERVICE STAMP CLUB in senior and junior categories, provided that a sufficient number lend their support. Interested collectors and parents of junior collectors are requested to contact Captain N. Shymko or WO2 Schoonover at GR 9-8411, Local 206, in order that some idea may be obtained as to the number of potential members. If the response is satisfactory an organizational meeting will be called.

2 PPCLI REPORT General News

Once again, for nearly all ranks of 2 PPCLI, memories are all that remain of annual leave. The new training year is well under way with courses, tests and range work keeping everyone very busy.

There are many new faces around the battalion. We have welcomed a few old friends back to the Home Station, but we have had to say good-bye to quite a few others.

Some other changes have made life a little different for many. Col. Hamilton has changed a number of appointments in the battalion.

A new and interesting prospect has appeared in the winter training program. Col. Hamilton has introduced "adventure training." This will involve training in the wilds to develop independence, initiative and endurance. We should hear more about this later.

Officers' Mess News

During the summer months several officers said good-bye to the Home Station. We miss them already and hope they enjoyed their stay with us. Major W. E. Hall was posted to HMCS Shearwater; Major Mainprize is now Garrison Adj. at Victoria, B. C.; Captain J. B. Pariseau has at last been posted to Quebec City; Capt. George Youmatoff has moved to Shilo; and Lt. P. W. (Paddy) Collins is pleased with a new job in Vernon, B. C.

The Mess held a "Games Night" on Saturday, September 23rd. Officers of the Garrison and 435 (T) Sqn. RCAF were royally fleeced by an able group of Patricia games operators and all wined, dined and danced far into the night.

The Mess offers congratulations to the following newly married officers; Lt. P. C. Bordeau; Lt. A. J. G. D. de Chastelain and Lt. R. D. Gillan.

The Mess has welcomed, among many others, two new WO1's into its ranks. WO1 Appleton is RSM 2 PPCLI and WO1 Austin is RSM of the PPCLI Depot.

The first mess function after the leave period was held on the evening of September 16th. The social evening with "live music" and dancing was followed by an excellent luncheon. The new PMC WO2 Locke proposes to make this a monthly event if well attended.

The weekly Bingo Nights began on September 30th and we hope to see these become as popular as last year's.

Corporals' Mess News

Congratulations from the Mess go out to two sets of proud parents. Cpl. and Mrs. L. C. Fuller gained a second daughter on the 4th of September, and Cpl. and Mrs. S. W. Sanders gained a third son on the 3rd.

Battalion Sports

The fall inter-company sports program began on September 20th with the first of a series of fast-ball and soccer games.

Announce Militia Recruiting

EDMONTON. — A total of 25,000 recruits for the Militia is the quota assigned to Western Command under the stepped-up training program to enable the Militia to carry out the tasks assigned to it in national survival. The special emphasis on Militia recruiting was announced recently in the House of Commons by Defence Minister Douglas Harkness.

The recruits will be trained in four courses of six weeks each at local armouries.

Dates for the courses are from November 6th to December 17th; January 8th to February 18; February 26th to April 8th, and April 16th to May 27th.

Tentative quotas have been set for each course in the Command's four areas it was stated. These are: British Columbia Area — 2,250; Alberta Area — 2,000; Saskatchewan Area — 1,000, and Manitoba Area — 1,000. This is a total for Western Command of 6,250 men for each course.

Age limits have been extended and applicants will be considered between the ages of 18 and 51. Both married and single men can enrol. Physical categories have been lowered for the special courses.

Recruits will be enrolled and paid as privates. This is a monthly pay of \$108.00 plus \$65.00 per month subsistence allowance in lieu of food and lodgings. The special recruits will not be provided with Army accommodation during the six-week courses.

Training officers stated that the six weeks course would consist of learning the fundamental military skills, with a great deal of instruction in rescue operations for national survival. Instruction will be given for five and one-half days each week.

It was emphasized that the new program would not in any way affect current Militia training and the young soldier training plan which now are going on.

Trainees enrolled under the program will be members of units which would become part of mobile support columns re-entering a target city if it had been blasted in a nuclear attack.

Details concerning when and where prospective recruits should apply are to be announced later by the various Militia units concerned.

IN TRAINING

Janet Vantassel, daughter of Sgt. E. Vantassel of 10 Det RCAMC, entered nursing classes of the Royal Alexandra Hospital in Edmonton on September 11th.

Janet, formerly of London, Ont., has attended Eastglen and Queen Elizabeth schools in Edmonton, graduating from the latter last year. She has also been an active member of the RCAF Reserves at Namao.

13 COY RCASC

Cpl. W. W. (Bill) Whitney, of Calgary Detachment 13 Coy RCASC, won the AMTA Trophy with a score of 385 out of a possible 400. Last year's winner was LAC Klein of RCAF Station Lincoln Park, Calgary.

Mr. H. P. (Larry) Steil won the Civilian Western Area Competition held at RCAF Station Sea Island, Vancouver, B.C., and will now compete at RCAF Station Downsview, near Toronto, Ont., for the all Commands Championship in the straight truck class.

The new arrivals to the unit are Sgt. G. C. Cherlet and Pte. V. Buchanan from 19 Coy RCASC Dawson Creek Detachment and Whitehorse, Pte. W. F. Snow from 9 Transport Company, Ottawa, and Sgt. J. W. Willard from 18 Coy RCASC, Fort Churchill.

The following personnel have proceeded on courses and our best wishes for their every success go with them: Cpls. M. Lemay and R. J. Patterson, Transport Operators Gp 2 course; Pte. G. Donaldson, Pte. N. E. Funk, and Pte. H. D. Lipsett, Air Supply Course, and Pte. D. M. Edey on Clerk Adm Gp 1 course and Pte. G. J. Simons on the Junior NCO course.

Congratulations are in order to Pte. L. D. Freeman on his marriage to Miss Adrian Louise Ritchot. No more late nights on the town for this boy!

TO HALIFAX

Edmonton — Quartermaster Sgt. (WO 2) Cal Lewis of Selkirk, Man., has been promoted to Sergeant Major (WO 1) and posted to Eastern Command headquarters in Halifax, N.S., as chief clerk.

A member of the Royal Canadian Army Service Corps, Sgt. Maj. Lewis enlisted in the Army in 1941 and has seen continuous service in Canada and in Japan and Korea from 1953 to 1954.

Prior to his present posting he was chief clerk with the quartermaster branch of Western Command headquarters in Edmonton, Alta.

ported by five imports, two from 13 Company RCME and three from 17 ROD. The Combines swept by 13 Wks Coy RCE in typical Service Corps fashion in the semifinals taking two games straight. In the finals we swept by our arch-rivals the C Pro C in three straight games with Pte. Marshall silencing the big bats of S/Sgt. (Digger) O'Dell and Sgt. (Tiny) Commance.

A wind-up party of the Griesbach Fastball Association was held in the Western Command Junior Ranks Club at which Lt. Col. J. K. Mahony, VC, CD, presented the trophy to Cpl. J. M. Lagasse, team manager. The trophy now rests in the trophy cabinet at 13 Coy RCASC MT Garage, where the team plans to give it a permanent home.

The team consisted of: Catcher Jim (Yogi) Purych, RCASC; Pitcher Phil Marshall, RCASC; 1st base Al Pringle, RCOC; 2nd base Ed Ness, RCOC; short-stop Hank Cunningham, RCME; 3rd base "Mac" MacLean, RCASC; right field Len Freeman, RCAC; centre field Steve (Micky) Chwok, RCASC; left field Ross Rosenpiece, RCME. Utility players included: Chuck Lablart, RCOC; Rod Rushton, RCASC; Bill Thibault, RCASC; "Dag" Daigneault, RCASC; Nels Funk, RCASC and Vic Lagasse, RCASC, manager.

TO CHILLIWACK

Captain F. B. Dorsey of 10708 65th St., Edmonton, will be posted to the newly formed Vancouver target area headquarters in Chilliwack, B.C., in early October, it was announced recently by Army headquarters.

A member of the Princess Patricia's Canadian Light Infantry, he has been employed with manning branch of Western Command headquarters in Edmonton since 1959.

Capt. Dorsey served with the British Army during the Second World War and with the Palestine police force in 1947.

Special Licenses Issued

Alberta's Vintage Cars

Alberta owners of vintage automobiles may now obtain a specially designed license plate from the Alberta Department of Highways Motor Vehicle Branch. The black on white plates, which carry the words "Antique Auto" and a registration number, went on sale June 1st. Approximately 35 sets were sold during the first month.

Regulations governing the use of the plates were recently put into effect covering all antique cars twenty-five years of age or older. The license, which sells for \$11.00, permits the owner to operate the vehicle as a collector's item for use in exhibition parades, club activities or similar activities but not for general transportation. Antique vehicles may operate only during daylight hours unless they have been fitted with lights acceptable to the provisions of the Vehicle and Highway Traffic Act.

The new plate does not have to be renewed each year. However if the car is sold, a \$10.00 transfer fee is charged to the new owner.

Owners of vehicles older than twenty-five years are not compelled by the regulations to have their car licensed as an antique auto. The car may be registered for general transportation if it complies with the regulations of the Vehicles and Highways Traffic Act.

PROMOTED

Captain Z. S. Wozny of Hartford, Sask., has been promoted to the rank of major, it was announced recently by Army headquarters.

A member of the Royal Canadian Ordnance Corps, Maj. Wozny served in the United Kingdom, Italy and Northwest Europe in infantry units during the Second World War and in Korea in the RCOC from 1953 to 1954.

He has been administrative officer with headquarters, RCOC, in Edmonton, Alta., since 1958.

PROMOTED

Captain M. O. Lane of Victoria, will be promoted to the rank of major in early October, and posted to the newly formed Vancouver target area headquarters at Chilliwack, B.C., it was announced recently by Army headquarters.

He has been employed as a staff captain with Western Command headquarters since 1960.

A member of the Royal Canadian Dragoons, Major Lane enlisted in the Princess Patricia's Canadian Light Infantry in 1937 as a private. He served in the United Kingdom, Italy and Northwest Europe during the Second World War and with the International Truce Supervisory Organization in Indochina in 1955.

He is a graduate of the Canadian Army Staff College in Kingston, Ont.

OUR LADY OF FATIMA

CHAPEL NEWS

For the benefit of newcomers, the services at Our Lady of Fatima Chapel are as follows:

Masses — Sunday, 9:00 a. m. and 11:00 a. m.

Weekday — 7:30 a. m. and 8:15 a. m.

Baptisms — by appointment.

Catechism classes will resume the first Saturday and Sunday in October and every Catholic boy and girl should be in attendance at these classes.

Benediction will be held every Sunday during October at 7:30 p. m. October is the month of the Holy Rosary so every effort should be made for families to attend in a body.

New members for the senior choir are invited to attend the rehearsals every Monday evening at 7:30 o'clock.

Anyone interested in assisting with the Junior Choir is asked to contact Father St. Arnaud.

During the month of August, three marriages and seven Baptisms were performed in our Chapel as follows:

Marriages

Harold George McKenzie and Yvonne Marie Lambert.

Joseph George Yves Poirier and Laura May Milne.

John Ronald Martini and Gwendoly Lowe.

Baptisms

Glenda Gail and Joyce, daughters of Mr. and Mrs. James Eagie.

David Alan, son of Mr. and Mrs. Cecil Pointer.

Deirdre Mary, daughter of Mr. and Mrs. G. P. Savage.

Mary Ellen Theresa Ann, daughter of Mr. and Mrs. Ivor Cassidy.

Teresa Marie, daughter of Mr. and Mrs. R. A. Cooke.

Martin Robin John, son of Mr. and Mrs. Stewart Sanders.

Deborah Laura, daughter of Mr. and Mrs. L. J. Rankin.

CWA — OUR LADY OF FATIMA

The Catholic Women's Auxiliary held its first meeting of the fall season on Tuesday, September 12, at 8:00 p. m. in the Chaplain's Quarters. Several new members were welcomed by our President, Mrs. H. H. Taylor, and it is hoped many more ladies will join our group. This is an ideal way to meet our fellow workers, and at

the same time lend support to the various projects undertaken by the Auxiliary. Our meetings are held the first Monday of every month at 8:00 p. m. in the Chaplain's Quarters.

A farewell party was held for two of our members who are leaving, Mrs. Lewis and Mrs. Delaney. Good luck, girls, we will surely miss you!

A clothing drive is being planned in the near future to collect clothes for the Marion Centre. Clothes for men, women and children will be most appreciated. Start now to sort out your clothes and help us in this worthwhile cause. The actual date of the drive has not been settled, but definite word will reach your door in plenty of time for you to place your cartons on the doorstep ready for pickup.

Our next meeting will be held on Monday, October 2nd, so let's have a good turnout.

THE CHURCH GOES INTO ACTION

One of the most interesting books of the Bible is that one following the Gospel of John called "The Acts of the Apostles." In it, we read of the adventures of Peter and Paul and many others as they sought to spread the good news about Jesus amongst as many people as they could. In doing this, they braved stoning and flogging, disease and pestilence, imprisonment and persecution, shipwreck and sandstorm.

We are not often called on to face as much today. Yet we can do something. We can actively seek to make our Chapel a force for good of this community. It was an encouraging time for the Padre when the Church Council, of its own accord, decided to undertake an every family visitation of the camp. This undertaking is discussed elsewhere but the fact that it is being made is an indication of the church being actively

Named Command Chaplain

Edmonton, Sept. 6 — The Rev. Canon Joseph Cardy, has assumed his duties as Command Chaplain (Protestant) for the Army's Western Command in the rank of lieutenant colonel, it was announced today at Western Command headquarters here.

Lt. Col. Cardy served originally as a chaplain with the Essex Scottish Regiment during North-west Europe and was awarded the military cross and was mentioned in despatches during World War II. A native of Port Credit, Ont., and a graduate of Wycliffe College, University of Toronto, Lt. Col. Cardy has served as protestant chaplain at Camp Borden, Fredericton, Camp Wainwright, Alta., Montreal, Kingston and overseas in Korea and Germany.

Earlier this year he was made a Canon of the Anglican Church of Canada while serving with Canada's NATO Brigade in Germany.

at work in the hearts and minds of men.

Make no mistake. Whatever the projects we may undertake, underlying it all is the call to worship. Our slogan could well be "More people worshipping more."

Come Let Us Worship and Bow Down

Let Us Kneel Before The Lord Our Maker.

Women's Auxiliary

St. John's Chapel

The St. John's Chapel Women's Auxiliary commenced their new season with a Pot Luck Supper where we welcomed a number of new members. We hope they will enjoy their evenings out with us during the coming winter. Our meetings will take place every Thursday until the Bazaar.

The Annual Bazaar is the only means of raising the funds needed, if we are to successfully carry out our duties for another year.

If you will help by contributing something for our home-baking table or some candy, etc., we will

Thanksgiving 1961

"O give thanks unto the Lord," cried the Psalmist, "for His mercy endureth forever." In those troubled days of the invasion and laying waste of his country with many of his country men being taken away into slave labour camps, the writer still found opportunity to give thanks to God.

We could take a page from his book. In these days of tension, it is more usual for us to find reasons why we should not give thanks than why we should. Yet we should always be more thankful for hardships than for ease because this is the way humanity has progressed. What has often seemed a stumbling block, has proved a stepping-stone.

So on this Thanksgiving 1961, despite the doubts and fears that assail us, may we have the grace and faith to say, "For these and all Thy mercies we give Thee thanks, O God!"

be most grateful. Every effort is being made to see that the children enjoy themselves this year. There will be hot-dogs, pop and a fish pond besides a table for the children to shop for their Christmas presents where they will find many bargains for their hard-earned pennies.

We will be selling Christmas cakes at the Bazaar and advance orders may now be taken by phoning Mrs. Harmer at GR 9-6094.

For those of you who find it impossible to attend our meetings, we are grateful for your "silent service" and it is gratifying to know you are solidly behind our every effort.

Please keep this date free to bring the children and have tea with us in our Tea Room — Saturday, November 4th, from 2:00 to 4:30 p. m., at No. 1 School.

Church Council News

CONGREGATION VISITATIONS

During the months of October and November, all Protestant families in the Griesbach Area will be visited by teams of members of the Chapel Council.

The purpose of these visits is to encourage regular attendance at Divine Services, to discuss the future work and projects of the Chapel Council, and to welcome all new families resident in the Area, to acquaint them with the various branches of the Church's work.

One project in particular is the supplying of stained glass windows for the Chapel. This is a big undertaking as 17 windows would be needed at a cost of approximately \$900.00 per window. This project will give all families the chance to actively participate in the work of beautifying the Chapel.

It is hoped that these visitations will be received in the true Christmas spirit and that the work of God in this Garrison may go forward in full Christian fellowship.

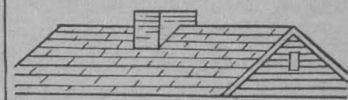

A bald head is no disgrace if the barrenness is confined to the outside.

SUNDAY SCHOOL DEDICATION

On Sunday, September 17th, at the opening teaching session of the Sunday School in No. 1 School, Lieut.-Col. J. Cardy, the new Command Chaplain, dedicated a worship centre frontal, which had been designed by Ralph Sheppard and embroidered by Phyllis MacKay. The motif is "Hands in Prayer" encircled with the inscription "More things are wrought by prayer than this world dreams of." The Women's Auxiliary sponsored the project. This beautiful work of art will contribute greatly to the Sunday School worship. The Church Council is most grateful to all who helped and especially Sergt. Sheppard and Mrs. MacKay.

Western Command Fish & Game Club

On Sunday, September 17, loud gunning was heard in the Griesbach Area as the Club scatter-gunners conducted their annual Trap Shoot. When the smoke had cleared away, it was found that the club President, Captain W. R. Parker, had come out on top for the third consecutive year. He was followed by last year's runner-up Sgt. M. A. King. Capt. G. R. Ingram out-shot Maj. W. H. J. Stutt to decide third and fourth places.

Other prize-winners were as follows: Sgt. V. Webb; Maj. E. D. McPhail; Sgt. W. A. Grigg; and Maj. H. D. Robertson. Lt. R. Routledge won a cash "turkey" for placing the most shots in his bird. Capt. Parker and Sgt. King also won special aggregate prizes for high relay scores.

Trap shooting will continue each Monday afternoon at 1630 hours until freeze-up and all club members are encouraged to participate.

Army-Airforce 1st Annual Golf Tournament

The first annual golf competition between the Army and the RCAF was held at Lancaster Park Golf Club on Saturday, September 16th. Being the first effort of this nature, the number of competitors was limited to 16 for each Service which proved to weaken the Army team and consequently the Air Force won a decisive victory of 17 points to 7. It is intended to enlarge the terms of reference for ensuing years so the competition will be between members of the Griesbach Golf Club and RCAF members of the Lancaster Park Golf Club when it is hoped the Army will present better competition.

A very suitable trophy, emblematic of the two services and donated by Blake Forrest of Edmonton Brokers Ltd., was presented to Bill Greer who captained the Air Force team. The RCAF boys also produced a trophy appropriately titled "Rear-Enders" which was presented to Capt. Lucas of the Army team — obviously the Air Force planned on winning!

Little League Baseball

Another season has finished and our congratulations go to the Red Sox who are the champions.

A three game final took place between the Red Sox and the Indians. The results were as follows:

	R	H	E
1st game — Red Sox	30	5	2
2nd game — Red Sox	8	7	2
3rd game — Red Sox	29	8	0

Totals 67 20 4

	R	H	E
1st Game — Indians	9	8	10
2nd Game — Indians	14	12	4
3rd Game — Indians	7	6	6

Totals 30 26 20

The Red Sox played good steady baseball and deserved the win. Heavy hitter for the Red Sox was Paul West with 5 good hits. For the Indians Barry Thibodeau with 6 good hits.

Players on the two teams in the finals were:

Red Sox — Paul West, Carl Curtis, Gordon Ashmore, Gary Davidson, Elliott Query, David Sibley, Leslie Swanteks, Duane Stiel, Carl Mandzuk, Brian James.

Indians — Richard Caesar, Pat Tuttle, Barry Thibodeau, Bill Wray, Roy Osland, Jimmy Hamilton, Forrest Gainsforth, Bob Provencher, Gordon Edingorrough, Ronnie McGrath.

It is most unfortunate that some of the players quit prior to and during the finals. Some, apparently having never been taught sportsmanship.

The lack of attendance during the finals and during the season was terrible. There appear to be only a few parents interested in seeing their boys play ball. During the finals out of 24 players, we counted the parent spectators on one hand. We hope that situation improves during the hockey and football season.

Players are requested to ensure that uniforms are clean when returned. Coaches will be responsible to ensure that uniforms are collected before 15th. of October. Coaches will turn in a list of shortages to Major Osland by Oct. 15.

GRIESBACH BADMINTON CLUB

The Badminton season is upon us again and the first gathering for senior members will be held at 1900 hrs. Wednesday, September 27th, at the PPCLI PT Building.

A cordial invitation is extended to last year's members and also for the most recent arrivals in this area.

Again this year there are racks for players who do not have their own.

The junior will hold their first gathering at 1930 hrs. Tuesday, September 26th.

CURLING

With a Smattering of Bingo

The first general meeting of the Griesbach Curling Club for the 1961-62 season was called to order by the president, Major A. J. Collaghan, at 7:45 on the 18th of September.

The usual business carried out at these meetings was conducted, new committee members being elected, etc. We do not want to bore you with dry statistics at this time. Suffice it to say all matters of moment were attended to.

The problem of keeping the wolf from the door, a subject with which we are all familiar, was one of the items which received careful consideration and the idea of conducting a play at home bingo was born.

Play at home bingo is an ideal method of raising funds to support our most popular winter sport and at the same time provide YOU with many tense and entertaining moments while waiting for the next group of numbers to be called. And think of the money you can win. Some of the luckier members of our community, we understand, are already planning winter vacations in Florida! With such glittering dreams of wealth within reach it is expected (and hoped) that the sale of bingo cords will skyrocket and the hopes of all concerned realized. The second play at home bingo will commence on October 4th.

Now that the curling season is officially here, we can expect to see almost any night now, a parade of ghostly figures gliding across the face of the harvest moon, and it won't be old Witch Hazel practising for Hallowe'en — it will only be some of our more ardent sweepers trying out a new high-powered broom or heading for the rink to see how things are progressing. A word of warning here. Beware of trigger-happy goose hunters.

Time and space do not permit further wanderings, however we hope to keep you informed of the "goings on" in future issues of the Bugle. Until then see you all at the first game of the season which gets underway on the 16th of October, we hope.

Form Team

A Canadian Army Marksmanship Team is being formed for the first time it was announced at Western Command headquarters, Griesbach Barracks. Two local sharpshooters of the 2nd Battalion Princess Patricia's Canadian Light Infantry have been named as members.

The team will compete annually against a similar team from the United States Army. The competition will be held at the United States Army Infantry Center, Fort Benning, Ga., and at the Royal Canadian School of Infantry, Camp Borden, Ont., on alternate years. This year the first competition will take place at Camp Borden from October 2nd to 7th.

Local soldiers, both at Hamilton Gault Barracks, selected for the team are Lieut. K. D. Lidgren of 1020 - 17th St., South, Lethbridge, Alta., and Private M. D. Dyck, 2630 Pandozy St., Kelowna, B. C.

Griesbach Garrison Softball League

The softball season has ended for another year and listed below was the league standing at the end of the season.

	Played	Won	Lost	Pts.
Provost	14	10	4	20
RCE	14	8	4	16
HQ Western				
Command	14	7	7	14
ASC	14	5	9	10

The playoffs were between August 21st and August 30 and the results were as follows:

SEMI-FINALS

Best 2 out of 3 games.
Provost vs HQ Western Command — winners Provost.
RCS vs ASC — winners ASC.

FINALS

Best 3 out of 5 games.
Provost vs ASC — winners ASC.
ASC won the playoff series by defeating the Provost team and congratulations are in order for this accomplishment.

Better Business Tips

A public Service feature provided through the courtesy of the Better Business Bureau of Edmonton with a view to informing Griesbach residents of various business practices of which they should be aware.

Correspondence Schools

If you want to improve yourself by taking a correspondence school course, you should be careful to select a home study school with a good record and reputation. Thousands of people yearly pay big money to promoters of courses that are useless or which they are not qualified to take.

The promoter may do many things to get you to sign on the dotted line:

He may pose as a member of the faculty when he's only a salesman.

He may make impossible promises of high-paying employment upon completion of the course.

He may be enthusiastic about your qualifications when even you and your friends have honest doubts.

He may offer a free aptitude

test which he will only pretend to correct.

He will probably try to pressure you into signing a contract before prices rise.

Any one of these sales tricks should be a warning signal. You should investigate before you invest in a correspondence course. Check its standing and reputation with local educators; through your Public Library; or, — if apprenticeship must be served, check with your Apprenticeship Board of the Department of Labour; or call the Better Business Bureau. Remember, approximately 600 business, professional and industrial firms in the Edmonton area maintain the Better Business Bureau for your protection.

Referral Plans

We'd like to inform you about buying anything on the referral plan. Let us explain what the referral plan is. It's a tricky dodge used by some salesmen. Depending on the merchandise they're selling, they promise to pay you from \$5.00 to \$25.00 to each prospect you refer that results in a sale. Of course, you have to buy the merchandise yourself first. They try to make it look easy by saying you should make enough money from your referrals to equal your time payments.

Well, how does it work out? Just like the chain letter scheme — it won't work. Suppose you get hooked into signing a contract for a "Super-Duper" vacuum cleaner costing \$240.00, — more money than you'd normally pay. The salesman tells you he will

give you \$20.00 for each referral. That means you would have to get twelve people to buy. Each of them would have to get twelve people, and so on. After only six steps of the chain, over a quarter of a million vacuum cleaners would be sold in the Edmonton area.

That's obviously impossible, and that's why your Better Business Bureau brings you this message on behalf of approximately 600 business, professional and industrial firms who believe that, in the Edmonton area, public confidence counts most.

FIRE PREVENTION WEEK

(Continued from page 3)

safety, to stress again that nearly all fires are preventable, that human carelessness and ignorance is the guilty party in almost every fire case.

During the past ten years, seven hundred and seventy-eight thousand (778,000) fires in Canada have taken five thousand four hundred and seventy-seven (5,477) lives, seriously injured at least sixteen thousand (16,000) other persons and destroyed property valued at one billion one hundred and forty-four million (1,144,000,000) dollars.

This record is the measure of our apathy about fire hazards.

It is to combat public apathy that Fire Prevention Week was originally organized. Deriving from Fire Prevention Day which was first marked in 1911, the week is sponsored internationally by the non-profit public service organization, the National Fire Protection Association, with many other organizations joining in the effort.

This community can make the week meaningful if all of us decide that fire prevention is our job too, and that individually and together we can do our part to correct the present shameful record of fire losses.

H. Q. R.C.O.C.

Promotions and postings have resulted in a 50% change in the officer strength at H.Q. R.C.O.C. during the month of September.

Lt. Col. T. J. Green, Command Ordnance Officer, will be promoted to Colonel and posted to Army Headquarters at Ottawa. Lt. Col. Green will be missed by the Griesbach Community by reason of his interest in community affairs such as the Curling Rink, Little League Hockey, etc.

Major Z. S. Wozny, who was promoted to that rank in early September, has been posted to 17 ROD where he has taken up the duties of Stock Control Officer. Major Wozny, who has been with HQ RCOG for a number of years, will be missed by all.

Congratulations to Lt. Col. Green and Major Wozny on their promotions and we would like to

PROMOTED

Edmonton — Lieutenant D. J. Drinnan of Stony Plain, Alta., has been promoted to that rank from 2nd Lieutenant, it was announced.

A member of the Royal Canadian Ordnance Corps, Lieutenant Drinnan is employed with No. 17 Regional Ordnance Depot, RCOG, at Griesbach Barracks, Edmonton.

He enlisted in the Army in 1958 under the officer candidate program and was commissioned in 1959.

13 Works Coy RCE Newsletter

With the cooler weather approaching, all our youngsters returned to school. The cries of freedom from the wives could be heard clear down to Calgary and the nightly chore of fathers helping with the homework returned.

Our curlers are looking forward to the coming season and to the competition it offers. To answer all the numerous enquiries "Why all the activity at the Curling Rink?", it should be enough to state that we are making many improvements — re-painting, putting insulation on the ceiling, new floor in the "Ladies' Room." The

wish them well in their new surroundings.

Welcome to Capt. G. K. Michener, prior to arriving here, was with I Staff Alberta Area.

Posted to Congo

Sergeant Art Colley of Rosedale, Alta., will be posted to No. 57 Canadian Signal Unit in the Congo in mid-October. A member of the Royal Canadian Corps of Signals, Sgt. Colley has been with the Alberta Signal Squadron in Edmonton since 1958. He served in the United Kingdom, Italy and Northwest Europe during the Second World War.

new bar upstairs has been completed and will be in service this yet, so that all you cold-blooded curlers can get "hot." There are many other improvements. Why don't you come along and see as soon as it re-opens?

The bowling season is under way, two teams have been entered by 13 Works Coy RCE.

Some more new faces keep turning up and the latest of these are Capt. R. W. Allen together with his wife Nancy and son Robert. They arrived from 17 Works Coy RCE Fort Nelson Detachment. Capt. Allen will fill the 2IC position, which has been vacant since Capt. P. A. Thomson left us.

WO2 "Jim" Wooffindin has arrived from the CBUME. Jim was with 26 Works Coy RCE Ottawa before his Middle East tour. He is living with his wife Betty and his four children at the Alaskan Auto Court. Jim is our new General Foreman.

Miss Kathy Palahniuk has come to us direct from Andrew High School in the village of Andrew. Kathy says she likes the city life. She is now employed in our Stores Division.

Another face which has returned to the stores is Miss Gwen Gorden. Gwen was with us before but left about eighteen months ago to go up North.

Three of our acting Sergeants leave for an eight week holiday in Camp Chilliwack shortly, they will be attending the Senior NCO Course. They are S/Sgts. Arenburg, Wesen and Dunster.

Last but not least in this Newsletter is the warning from the Foreman of Works, that the time has arrived to drain off all the outside taps,

BROWNIE AND GUIDE MOTHERS

With the exception of No. 1 Guide Company all Packs and Companies got off to a good start with the opening of school.

This year we require two mothers from each group to volunteer their services for one of these three periods:

- 1. November to Christmas.
- 2. Christmas to Easter.
- 3. Easter to June.

Would you please notify your guider as to which time you prefer. You will be required to attend the monthly meetings which come up during your service. Each mother will receive a listing of half the mothers in her group, whom she will notify regarding cancellations of meetings or plans for hikes, etc. This will relieve our guides to some extent and also keep the mothers better informed as to group activities.

The next meeting for mothers will be on October 17th at 8:30 p.m. in the No. 1 School Staff room. Coffee will be served.

The Careless Smoker

Match heads and cigarettes have no brains — and the same can be said for the type of smokers who persist in starting fires in our homes and forests.

Each year thoughtless smokers are responsible for more than 200,000 fires, and about 1,200 people die in these fires.

The sad part of it is that we almost always mistakenly blame the match and cigarette rather than the selfish, unthinking person who used them.

For thinking persons who would be smart and safe smokers, we recommend observing these simple rules:

- 1. If you smoke in bed, break this deadly habit at once. It is one of the most common — and correctible — causes of fire deaths.

Family Fire Drills

Hold a family fire drill during Fire Prevention Week.

That's the urgent request of Fire Chief Hauglum. The request is marked urgent, he says, because it may very well save the lives of you and your family.

"Experience definitely shows that a family which has planned ahead for a fire emergency is usually able to make a safe escape when fire actually strikes," the Chief says. "A National Fire Protection Association report indicates that more than eight of every ten lives each year have been needlessly lost because of failure to pre-plan and rehearse."

Pre-planning is essential to protect your family, for fire spreads so rapidly there is no time to figure out what to do. Make sure everyone, including the children, knows exactly what to do.

Then hold family fire drills regularly, so everyone in your home will react almost automatically to a fire emergency.

Here are points to help you plan:

1. Carefully figure out at least two routes to the outside from every room in the house, especially bedrooms. Allow for blocking of stairways or hall be fire.
2. Particularly for nighttime fires, remember that closed bedroom doors will hold back flame and smoke, allow extra time for escape.
3. For upper floor escape, use any available porch and garage roofs, ladders, or trees as ways down to safety. Be sure exit windows work easily, and especially that they are low and large enough to get through.
4. Pick an outside assembly point where the family will meet, and be sure everyone understands the rule "once out — stay out."
5. Know to call the fire department, by street box or neighbor's phone, and do this as quickly as the house is clear of people.

BIRTHS

Our congratulations to Sgt. and Mrs. W. P. Gutsch, proud parents of a brand new son, William Edward, born August 31st. Score, 2 boys, 1 girl.

ARRIVALS

Welcome to 2Lt. and Mrs. E. W. Ritson, posted in from Victoria, B. C. Married in Calgary, Alberta, the happy couple honeymooned in B.C., lived there briefly, then motored through the Rockies to Edmonton.

Educated at the University of Manitoba, 2Lt. Ritson is a product of the O.C.P., and comes to us after completing his phase training at that fine regiment, the 1st Battalion, Princess Patricia's Canadian Light Infantry.

Another welcome addition to our staff, in the person of Sgt. "Gord" Canning, also arrived recently. Sgt. Canning is no stranger to

these here parts, having served with the RCM Police some years ago, or was it the RNWM Police?

DEPARTURES

Selected to attend a Clerk Adm Gp 3 Course at the RCASC School, Camp Borden, Ont., L/Cpl. McGrath departed on September 12th, with high hopes. Best of luck, chum, and keep your shoulder to the proverbial wheel.

SPORTS

To the Provost fastball nine, tough luck, fellows, and congrats to an excellent Service Corps team who never looked back as our boys went down three straight. Better luck next year, fellows.

224 WORKSHOP RCME

It is back to school time and there is much activity within the old company.

We have a new reporter as we had to bid a sad farewell to S/Sgt. Crawford who is on his way to Europe. Ah! the joys of

being single, and we understand Cfn. Brown of HQ 13 Company RCME, may not be far behind. Cfn. Dougan has gone to Wainwright. We hope he likes it there.

We also lost two men from our tels shop. Cpl. Jack Wilson and Cpl. Jack Code. Good luck to a pair of "Jacks" and we hope they stand up. Cpl. Post from Weapons Section is away on course. Good luck to him

Fall activities are well under way. Amidst the crack of big game rifles being zeroed and over the roar of shotguns trying to knock some unsuspecting duck out of a sunny Alberta sky, we hear the faint rattle of curling brooms. Our Company is tentatively put-

ting forth three teams into the fray, led by their dauntless leaders, S/Sgt. D. W. F. MacDonald, Lt.-Col. H. Goodfellow and Capt. G. Charles.

Sgt. John Michniuk came back from bow hunting with a lot of near misses but nought in the deep freeze. Better luck with the rifle, John.

Talk of the Town

We sincerely hope everyone in camp is well rested after their holidays and ready to participate in the mad social whirl ahead.

Bowling has already started, curling sweaters will be coming out for an airing any time now, football is in full swing and dear old bingo will soon be taking its place again in the hearts of young and old.

For those of you who are still exhausted after that strenuous camping trip, here is an excerpt from "Why Grow Old?" to help relax those taught nerves.

"When you are in bed: Think of your body as being as limp as a wet dishcloth. Now imagine yourself lifting your left leg until it is at right angles to your body and then — this may be difficult but do your best — try to imagine that it drops away and vanishes. Repeat the process with your right leg and then, mentally, stretch your trunk upwards and imagine that it too has dropped away.

"Do the same thing with the head, neck and arms. In this way consciousness is withdrawn from the body. You are completely relaxed."

Try it sometime and let us know if it works!

Different version: "With all thy faults, I love thee quiet."

Sergeants' Ladies' Club

The monthly meeting of the Sergeants Ladies' Club was held on August 23rd. We were pleased to see so many ladies present. A bingo was held and enjoyed by all. For our October meeting the entertainment committee have planned a "Hard-Time Party."

Come out ladies and let's see your costumes. This is your club to enjoy and a time to relax for an evening.

Your Executive.

Children and Fire

Don't rely on Lady Luck in place of a good baby sitter..

Children left alone at home would be trapped and helpless if fire or some other emergency should strike, Fire Chief Hauglum warns.

"Never leave your children alone, not even for a few minutes," the Chief urges in a Fire Prevention Week message. A study by the National Fire prevention Association shows that one out of every three child fire victims was alone and helpless when the fire struck."

Chief Hauglum also pleads with parents to take these precautions to protect their children from fire at home and at play:

1. Be sure that baby sitters have specific instructions in case of fire. These include orders to get the children outside the instant smoke or gas is smelled, the location of at least two escape routes, and how to get in touch with the fire department, parents, doctor and police.

2. Keep young children — two and under — in constant sight and mind.

3. Teach older children how to use and respect fire. Don't forget: they learn best by your example.

4. Keep your home free of fire by regular inspections. The Fire Department will help in this.

5. Train children of all ages how to get out of the house to safety in case of fire. Have at least two escape routes from every room, and be sure the youngsters know these routes by heart.

A father was buying a fountain pen for his son's graduation gift.

"I suppose it's to be a surprise, sir," said the clerk.

"I'll say it is," replied the father. "He's expecting a Jaguar."

"I'll see you," said our hero, as he laid down four aces in a game of strip poker.

She: "Let's cut classes today and go to a show."

He: "Can't. I need the sleep."

A drunk sat down next a shapely coed in a bus and looked down, commenting, "Shay lady, you got two verry beautiful legs."

"How would you know?"

"Easily," he replied brightly, "I counted them."

CURLING

By Eric Nicol

A number of years ago, history tells us, Englishmen used to go to Scotland to shoot deer, while Scotsmen went into England to shoot Englishmen. Later the Scots cleverly improved on this method of exchange by inventing golf, a game designed to make Englishmen go out and shoot themselves, at a very considerable saving in Scottish deer and ammunition.

Scottish thrift is likewise said to be responsible for the evolution of the sport known as "curling" a refrigerated form of lawn bowling. According to the legend, a young Highland bride was baking her first haggis for her husband when it suddenly rolled out of the oven and fell on his foot, removing it at the ankle, and proceeding through the floor into the cellar, where it wrecked part of the foundation of the house (pronounced "hoos").

Being a man of frugal habits, the husband salvaged the haggis, stuck a handle on it, and thus became the father of the first curling rock. His wife caught the first train to Reno.

Today, curling is becoming increasingly popular in Canada. Every winter more and more men,

most of them perfectly normal, looking, middle aged businessmen, respected members of their community, get together in an alley of ice to throw rocks at one another. One reason for this popularity, of course, is simple. All you need is some ice, a slug of Scotch, a dash of absinthe, and three guys who are as nuts as you are, and, brother, you'll be curling in no time.

The first symptom of a man being masticated by the curling bug is his sudden interest in brooms. Just ordinary brooms. His wife, for instance, catches him one night sneaking out the back door with her broom under his coat. When she tries to make him tell her what he's going to do with the broom, he merely stares at her in grim silence, his eyes gleaming with the wild light of a fanatic. Or, the more cunning type of curler may take the broom out of the closet on the pretence of going out to clear the snow off the front porch. Then as soon as he gets outside the house, a big, black sedan full of more men with brooms skids to the curb, picks him up and roars away into the night. Some women have even suspected the old man or running around with a witch, until they found out he had become a curler, and shot themselves.

Until you have seen a curler in action, however, it is difficult

to appreciate the importance of his broom. For the minute a player bowls his rock down the ice, other players swoop upon it with their brooms, sweeping furiously at the ice immediately in front of the rock in what appears to be an attempt to discourage it from going any further, while the bowler runs behind, his head cocked on one side, cooing so softly to the rock to ignore the bums and keep going. This is the point at which the average spectator loses his faith in humanity and is prepared to hand the world over to the insects, with no questions asked.

If the rock manages to escape the sweepers, it has a good chance of landing inside one of rings at the end of the ice. Once an opponent has succeeded in placing a rock in a ring, it becomes necessary for you to knock him out. This may be done by lifting a rock and hitting him firmly over the head with it. Should you be caught doing this, however, it will be counted as a foul, your broom will be taken away from you, and you will have to play the rest of the match with a clothes wisk.

At first glance, there seems to be little point to the sport of curling, but this is not altogether true. For one thing, it sells a lot of brooms. So far, nobody has successfully attempted to run ahead of a curling rock with a Hoover, mostly because it's harder to sneak

a Hoover out of the house without the wife seeing (all the attachments fall out of the box, you know how it is).

Perhaps this is just as well, though, because with vacuum cleaners in a hot, closely-fought bonspiel, the smaller players would soon start disappearing right and left. Besides, you don't want the game to look silly, do you?

2. Make certain your matches and cigarettes are completely out before disposing of them. Break the match between your fingers and grind the cigarette until the lighted end is cool to the touch.

3. Have plenty of safe ash trays around your house and office. The safe ones are large enough and deep enough, so designed to hold a burning cigarette entirely within the tray so it can't fall out.

4. When driving, discard your matches cigarettes in the cars ash tray, and see to it that other passengers do the same.

5. Every night before retiring — and especially after parties — look beneath sofa cushions and around the crevices of upholstered chairs. Any still-hot cigarettes which have lodged in these spots can cause a deadly, smoldering nighttime fire.
